

## **LEVEL 2 - DROUGHT ALERT**

### **Mandatory Water Conservation Measures Effective October 7, 2009**

- No washing down paved surfaces
- Irrigate landscape before 10 AM and after 6 PM
- Eliminate landscape irrigation run-off, overspray, etc.
- Wash vehicles with a bucket and hand-held hose with positive shut-off nozzle
- Use re-circulated water to operate ornamental fountains
- Restaurants serve water on request; hotels launder daily on request
- Repair all leaks within 72 hours of notification.
- Limit landscape irrigation with sprinklers to 10 minutes per station per assigned day
- Assigned landscape watering days for all VID customers will be as follows:
  - Residences and businesses with addresses ending in an odd number are to water on Mondays, Wednesdays and Fridays only, and residences and businesses with addresses ending in an even number are to water on Tuesdays, Thursdays and Saturdays only. Landscape watering is not permitted on Sundays.
  - For locations with no site address or apartment/condominium complexes with multiple addresses at the same location, please use the last number in your billing address to determine your assigned watering days.

Please be aware that non-compliance with water conservation measures will result in a violation being issued and a fee being added to your water bill.
