### **HIGH SCHOOL SENIORS INVITED TO COMPETE IN SCHOLARSHIP CONTEST**

*Vista Irrigation District offers \$1,500 scholarship.*

Vista, CA—

The Vista Irrigation District invites local high school seniors to compete for a scholarship of \$1,500 from the district. The purpose of the scholarship program is to increase knowledge and awareness of issues impacting San Diego County's water supplies, and more specifically the Vista Irrigation District.

Students who compete for a scholarship must complete an essay and provide a one page personal statement related to their background and/or goals. Selection criteria also include community involvement or volunteer service, and letters of recommendation from high school faculty.

Students may download an application package from [www.vid-h2o.org](http://www.vid-h2o.org), or contact Brent Reyes at (760) 597-3107 to have the materials mailed to them. Applications are also available through their high school counseling offices. Applications must be received at the district's office by 5:00 PM on February 29, 2012. Eligible students must live or go to school within the Vista Irrigation District's service area.

The Vista Irrigation District is a public agency governed by an elected five-member board. The district provides water service to more than 126,000 people in the city of Vista, and portions of San Marcos, Escondido, Oceanside, and unincorporated areas of San Diego County.
